

A Prayer for Epiphany

God, we remember that you sent a star to show the magi the way.
Sometimes we, too, can't find you. We are scared in the dark and we need help.
As we light these 12 candles tonight, we ask for your guidance now and throughout all our lives.

Show us the way. (Light candle 1.)

Help us know you better. (Light candle 2.)

Keep us brave. (Light candle 3.)

Give us friends for the journey. (Light candle 4.)

Send a sign when we need it. (Light candle 5.)

Remind us to look for you in surprising places. (Light candle 6.)

Keep us faithful. (Light candle 7.)

Help us know what our gifts are. (Light candle 8.)

Help us share our gifts with others. (Light candle 9.)

Teach us to be generous with time and money. (Light candle 10.)

Give us a desire to know you better. (Light candle 11.)

Let your light shine in us. (Light candle 12.)

Amen
